### Hello and warm winter greetings!

One of my favorite things about this time of year is gathering with friends and family. If you were to ask my friends to share some insights about me, I feel fairly certain that at least one person would mention my disdain for favorites. My favorite color is, well, color. And when it comes to food, music, books, and the rest, the best I can do is a Top 5.

This relates a bit to another point that at least one person will probably mention—especially if Lloyd Larson is among the assembled crowd: I almost always ask to order last, giving myself as much time as possible to narrow my Top 5 down to one meal. Inevitably, I end up ordering whatever the server recommends when asked, “What’s your favorite thing on the menu?” Because, as much as I struggle to commit to favorites, I love learning about someone else’s favorite.

If that’s true for you, too, I think you’ll be particularly excited to start turning pages here. We asked several of our most frequent contributors to share a bit about their favorite Lorenz collections, and their responses are included throughout this catalog. I hope you find them as interesting and insightful as I did. And before you ask—no, I definitely don’t have a favorite.

I hope you discover a few favorites in this catalog to add to your library. Even the most decisive among you may have trouble narrowing down our new collections. I’m obviously biased, but they’re terrific! For piano, Mark Hayes and Jay Rouse have both arranged Praise & Worship favorites; Brad Nix has followed up his *Forty Days* collection with *Risen Christ*; and we have a wedding collection for the first time in forever. You’ll also find both new and familiar names, from Lloyd Larson and Patti Drennan to Shelton Ridge Love and J.B. Taylor.

For organ, you’ll find a number of special offerings, including new music by Lani Smith, Martin Ellis’s inaugural collection, and a seasonal collection from Lloyd Larson. You’ll also find the usual fullness of levels, styles, and source material, as Carson works to ensure that all organists find favorites.

Being part of the publishing process at Lorenz is a lifelong favorite of mine. As I’ve mentioned here many times, you are part of that process, too. You bring this music to life. You’re the last step in the publishing process; you’re also the first. As one season turns to the next, we’re already hard at work preparing the next release for you and finding your new favorites for the release after that.

I would love to hear what your favorites are! You can send them to me at [kriskropff@lorenz.com](mailto:kriskropff@lorenz.com) or tag me on the Lorenz Music Facebook page. And should we ever have the chance to gather in person, please feel free to share your favorites—as long as it’s okay with you if I order last.

# PIANO COLLECTIONS FROM YOUR FAVORITES

**BRAD NIX**

**H**ello, everyone! Thanks for perusing our keyboard catalog! In addition to editing our piano releases, it's my privilege to contribute to the Lorenz catalog as well. ## MARY McDONALD

**E**cclésiastes 9:10 reads: "Whatever your hand finds to do, do it with all your might." That scripture has been my source of perseverance throughout the past 45 years of composing sacred music. It has been a journey filled with challenges and great joy, but knowing the gift God implanted within me has been given up for His kingdom's work makes it all worthwhile. In 1991, I stepped into a new role as music editor for The Lorenz Corporation. A couple of years later, Larry Pugh invited me to pen a collection of piano arrangements. It took about two years to produce, but *Face to Face* is still one of my greatest challenges and compositional milestones. The setting of "Brethren, We Have Met to Worship" was my most requested piece to play in concert and for family entertainment, but the entire work holds a special place in my heart.

## JAY ROUSE

Hey, everyone! I'd love to tell you about one of my favorite piano collections, *A Thousand Generations*. This book came at a much needed time in my life. It was January of 2021 and COVID was in full swing. My wife and I were several months into a brand new city, a new house, a new job, making new friends, and even still using the GPS just to get to the grocery store. The words and melodies of these hymns and worship songs felt like a warm blanket to me—a familiar friend at a time when so much in my life was new and unknown. This collection remains a favorite and sweet memory for me.

## LLOYD LARSON

As a church pianist over the years, I have typically worn a rather pragmatic hat: *How will this selection enhance our worship today?* The Apostle Paul instructed first century Christians to "teach and admonish each other with psalms, hymns and spiritual songs." Theologians may debate what he intended in that passage, but, as a church musician, it seems to be an invitation to be eclectic with our music choices. That was the approach I took with *Psalms, Hymns and Spiritual Songs*. This collection includes musical staples of our Christian heritage: hymns and songs with texts rooted in the Psalms and replete with the truths of our faith. It also includes songs reflecting the joy of our redemption in Christ, and the arrangement styles are as varied as the source material. It is my hope that each of the arrangements become a means for enhancing worship in your church!

## MARK HAYES

Greetings from my home office in Kansas City, Missouri! This is where I've created every keyboard book published in the last 40 years. That's a lot of notes! *Peaceful Piano* is one of my favorite piano books because of its reflective, peaceful nature. I volunteer as the pianist in my home church and often need to play service music as an underscore or to tie one musical element to another. That is what inspired *Peaceful Piano*. I challenged myself to write short, emotive compositions and purposely wrote less notes and created these short pieces with "space," because that's what helps usher the worshiper into a time of reflection, when we quiet our minds and hear the Holy Spirit speak to us. I was not very creative with the titles—I just numbered them 1-25. #3 and #10 are two of my favorites. Which ones speak to you?

## MARIANNE KIM

One of my favorite piano collections is *A Trusting Heart*, which features hymns that I deeply resonate with. Moments of personal reflection and faith, particularly times when I've needed to trust God's guidance, are the inspiration for this book. This collection has had a profound impact on my worship, helping me connect emotionally with the music as I play. Each hymn feels like a personal prayer. I'm particularly fond of my arrangement of "It Is Well With My Soul." This hymn holds a special place in my heart and always brings a sense of peace and comfort.

## BRENDA PORTMAN

**H**ill I'm excited to be working with Lorenz and, by extension, all of you. It's an honor that so many of you have chosen to play my music in your places of worship. My hope and prayer is that this music will touch those who experience it. We've all been through challenging times, and I've had my fair share of those. Sometimes, I can't compose at all, and other times, the music just flows out of me! We never know what someone is going through or what they might need to hear in any given moment. We are all in a *ministry* of music—not just a job. It's incredible when the Holy Spirit uses music to bring healing to someone else. Thank you for communicating God's love to your congregations and for allowing me to be a part of that journey.

## MARY MCDONALD

I have served the local church as both pianist and organist for over 50 years. While giving special attention to the preludes and offertories, after many years, I realized that most people only heard the first six measures of the postlude. It became a fun challenge for me to improvise on great movie themes, secular music, or on occasion, "Happy Birthday" during these departure songs to spark interest. In 2014, I penned a collection of short postludes, *Go Out With Joy!* All of the titles are fairly easy to prepare yet creatively engaging, guaranteed to get your congregation out the door in a timely manner. The demand was so great that a second volume was published in 2016. These seasonal offerings can be utilized anywhere in the service, whether coming or going! Volume 2 includes two brief "fanfares," one in F and the other in G, serving as original introductions to any hymn or grand musical moment. These collections are my favorite go-to books when practice time is limited.

## DAVID LASKY

Hello, everybody! When asked to discuss my "favorite" of my organ collections, I couldn't come up with an answer—they are *all* my favorites! If I had to choose one, however, the collection that lies closest to my heart is *Duos and Trios for Solo Organ*. I love this collection so much that I dedicated it to my wife, Pam. This book explores two- and three-voice counterpoint, which I have long enjoyed playing and improvising during my career as a church organist. One aspect of the book that I find particularly appealing is that there is quite a bit of stylistic diversity contained within, with a particular emphasis on quasi-baroque and romantic styles and a few more "modern" twists here and there. This intermediate-level collection will surely appeal to both organists and congregations alike.

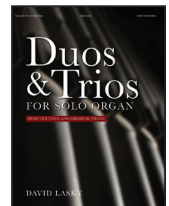

—David Lasky

### Duos and Trios for Solo Organ

Hymn Settings and Original Pieces

#### David Lasky

David Lasky has written seven free duos, eight free trios, and seven trios on familiar hymns to comprise this useful

collection. The pieces are all short—most are less than two minutes—and thus can serve, individually or in groups, as fitting music anywhere in a service. Additionally, they will work well as teaching pieces at the early intermediate or intermediate level. (3-staff, Intermediate)

## ANNA LAURA PAGE

It is such a pleasure to have my organ collections represented in the Lorenz catalog. Among those are books that celebrate different times of the year. I have to say that I like all of these collections, but my favorite is *Gloria!* I love Christmas carols, and this collection contains ten of my favorites. I think, if I had to pick my favorite setting, it would be the SUSSEX CAROL, or "On Christmas Night All Christians Sing." It reminds me of those quiet Christmas nights when we celebrate the birth of the Newborn King. May these carols invite all who hear to celebrate that night when Jesus, the ultimate gift, was born.
